

Welcome back to Summer Term 2 and hopefully lots more warm and sunny weather so that we can take more of our learning outside. We are thrilled to share all the exciting activities and important information.

Under the Sea and Pirates

This term's topic is Under the Sea and Pirates. We are looking forward to our special visitor from the RNLI who is coming to talk to us all about Water Safety.

Please see our curriculum map for what we will cover across the 7 areas of learning.

Hats and drinks

Please could you ensure that your child brings in a named hat and a drink, even if they have milk at snack time. The children will start to play on our field at lunchtime and they can get hot and thirsty, so a hat would help with protection and a drink would save them all queuing at the water fountain at the end of play.

Playdough

We would dearly love some more donations of playdough for our class room. This can be homemade or shop bought.

Forest School

We will continue with our summer theme looking at changing seasons, seasonal walks, growing, art with natural materials eg: shell art.

Class Vegetable Patch

We are hoping to grow some plants and flowers in our class vegetable patch. If you have any spare plants or seeds such as sunflower seeds or runner bean plants we would be delighted to receive any donations.

Show and Tell

We shall be asking children to bring in show and tell items connected to our topic Under the Sea or pirates. This can also include photos uploaded on to Tapestry. We will post on Dojo when our show and tell session will be.

We hope this newsletter provides you with a glimpse of the exciting things planned for this term. Should you have any questions or concerns, please don't hesitate to reach out to us.

The Reception Class team

Mrs Kathryn Munday (Class Teacher)
Miss. Ange Rossi (Teaching Assistant)
Mrs Tina Chapman (Teaching Assistant)
Miss Sarah Green (HLTA)
