

Modern Foreign Languages (French)

Intent, Implementation and Impact statement

Intent

The intent of our French curriculum is to foster a passion for language learning in our pupils, aligning with our mission to instil a lifelong love for learning. We empower our pupils to become aspirational and resilient individuals who are kind, respectful, and responsible members of society. Our aim is to:

- **Inspire Enthusiasm:** Cultivate a love for the French language and culture, engaging children through stimulating and interactive lessons that encourage curiosity about themselves, others, and the world.
- **Promote Communication:** Develop pupils' ability to communicate effectively in French, instilling confidence in both spoken and written language, which is essential for their personal development.
- **Cultural Awareness:** Provide opportunities for pupils to explore and appreciate the rich cultural heritage of French-speaking countries, fostering a sense of global citizenship that reflects our Christian Values.
- **Academic Achievement:** Equip all pupils with the necessary skills and knowledge to achieve age-related expectations in French by the end of their primary education, ensuring they flourish and reach their full potential.

We ensure our curriculum is inclusive and responsive to the diverse needs of our learners, emphasising a growth mindset to nurture resilient and independent learners.

Implementation

The implementation of our French curriculum follows a structured and sequential approach that reflects our vision of high-quality education in a safe and inclusive environment. Key strategies include:

- **Curriculum Structure:** Utilising the national curriculum for Modern Foreign Languages, we employ a thematic approach covering key topics such as greetings, family, hobbies, food, and travel. This fosters meaningful connections between vocabulary and real-life contexts.
- **Interactive Learning:** We employ a variety of pedagogical methods, including songs, games, role-plays, and multimedia resources, to create an engaging and immersive language experience that encourages curiosity and caters to different learning styles.
- **Continuous Assessment:** Through formative assessments, including observations, quizzes, and presentations, we continuously monitor progress and provide tailored support for all learners, ensuring they are empowered to take ownership of their learning.

- **Parental Engagement:** We encourage parents to engage in their children's language learning through home learning activities, language clubs, and cultural events, fostering a supportive learning environment aligned with our values.

Impact

The impact of our French curriculum is evidenced through consistent pupil engagement, academic success, and personal development, reflecting our commitment to high-quality education. We measure this impact through:

- **Confidence and Enthusiasm:** Pupil feedback reveals a high level of enjoyment and enthusiasm for language learning, as reflected in their participation and willingness to engage in conversations in French, embodying the characteristics we aim to instil.
- **Cultural Understanding:** Through our culturally enriching activities, pupils gain insights into French-speaking cultures, supporting their curiosity about the world and their development as responsible citizens.
- **Well-Rounded Individuals:** Pupils develop valuable life skills such as resilience, adaptability, and critical thinking through language learning and cross-curricular links. They emerge as well-rounded individuals ready to embrace future opportunities.

Our French curriculum showcases a commitment to excellence in language education that supports our vision of lifelong learning and global citizenship rooted in Christian Values.
