

Warmer Weather Forest School Clothing

Dear Parent / Carer

Now the weather is warming up we have noticed an increase of shorts being worn out to forest school sessions.

We strongly recommend trousers and long sleeves for all forest school sessions to help reduce the possibility of stings, bites, ticks, scrapes and cuts to the skin. Our leaders can refuse children attending the sessions if they feel there is a higher risk depending on the type of site your school has.

If you have any questions, please ask your class teacher or email admin@primary-forest-school.co.uk.

Yours faithfully

Rachel Allen
